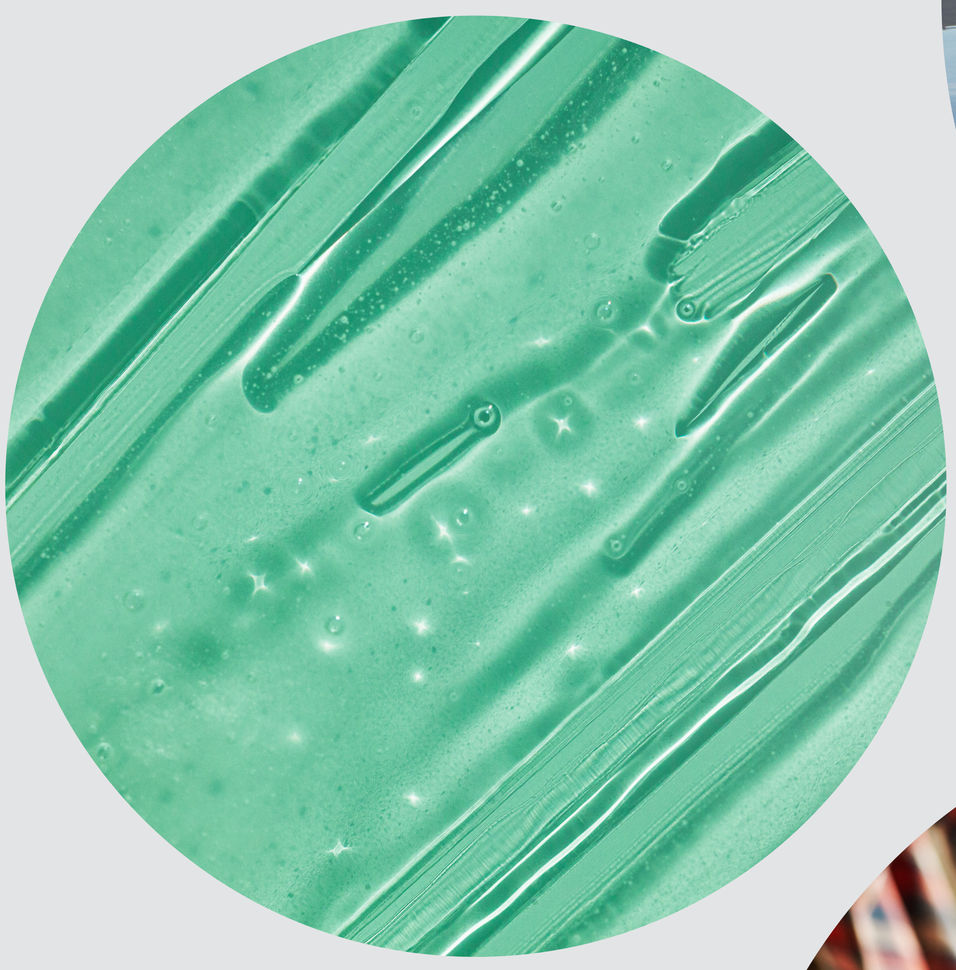
WE AIM TO HYGIENE AND SAFETY.



REFLECTING IN HYGIENE.

SAFETY IN EASY REACH.

Primagel Plus is a hand-wash **gel with hygienizing effect**, which in a few seconds guarantees a **valid hygiene against viruses and bacteria**. An effective, practical and customizable solution for which we also provide the stand with automatic dispensing dispenser as well.

Rinse-free
hand cleaner
No water needed.
Dries quickly, leaving the hands
fresh and soft.
500 mL

A TESTED AND RECOMMENDED PRODUCT.

Given the belonging of the new Coronavirus (SARS-CoV-2) to the same family of Coronavirus-SARS (SARS-CoV), on which Primagel Plus is tested, the product is **recommended in order to contribute to the reduction of the risk of infection** of this virus.

QUALITY GUARANTEED.

Primagel Plus Italian medical-surgical devices certification assures the **compliance with European Standards**, basic requirement for the biocidal products production: **ethyl alcohol**, Primagel Plus active substance, **is selected and purchased only from suppliers registered as manufacturers of biocidal active substances at European level** in full compliance with art. 95 of the Biocidal products Regulation n. 528/2012.

- The **viscosifier raw materials** are **carefully selected** in order to obtain a final product with no clumps or sticky effect that generally denote a poor quality of the thickener agent.

- The **pleasant scent** underlines how a sanitizer could be a pleasant product to use at the same time.

- The **flexibility** along with the choice of different sizes that include 50ml **of customization of the packaging and label** completes the product , 100ml*, 220ml*, 500ml, 1L, 5L, 20L*.

* On demand.

CERTIFICATIONS OF THE COMPANY.

Allegrini S.p.A. is **authorised by the Italian Ministry of Health** as **Production Workshop of medical surgical devices** and **has a department dedicated to the mixing of disinfectant solutions**.

The **mixing**, **filling**, **production** and **packaging** meet the **good manufacturing standards** that guarantee product safety and consumer health: the industry is **GMP certified** (Good Manufacturing Practice), meeting the specific requirements of the cosmetics sector UNI ENI ISO 22716: 2008 "*Cosmetics – Good manufacturing practice (GMP) – Guidelines about Good Manufacturing Practice*".
Procedures, **premises** and **staff are monitored throughout all the production process**.

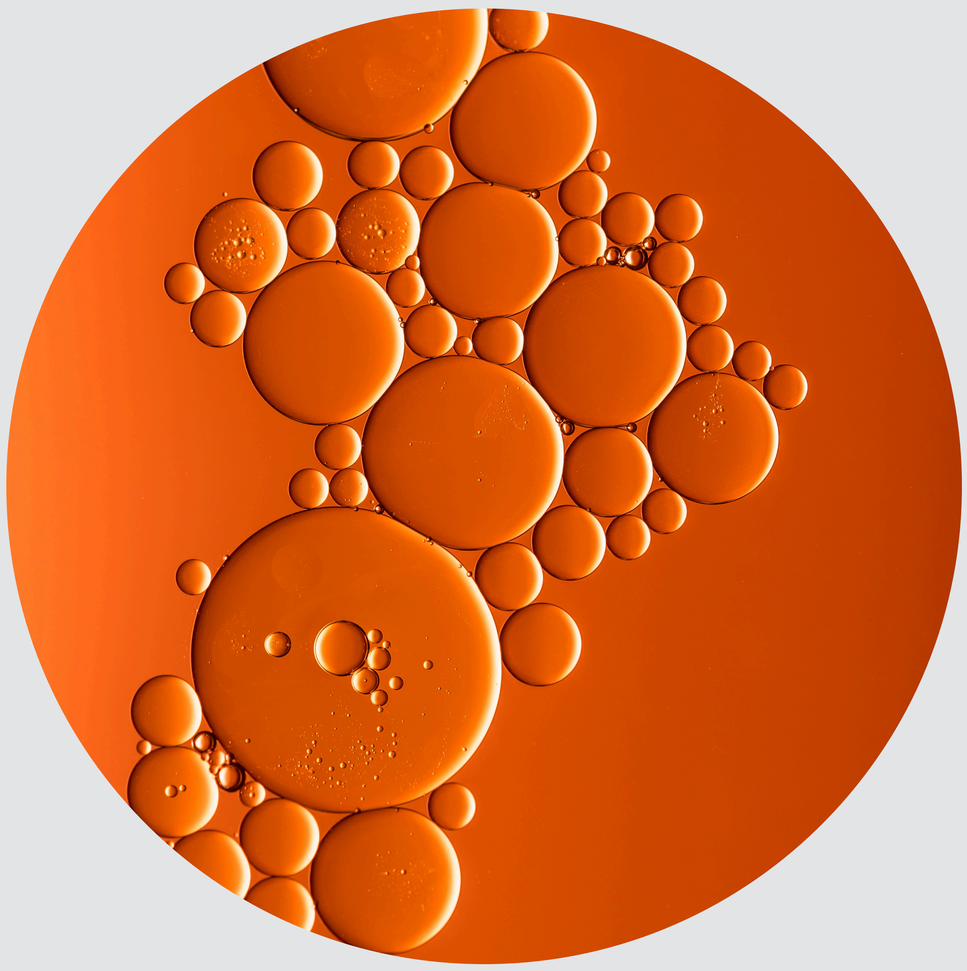
In this process the **traceability of the products** is of fundamental importance: you can real-time trace production batches to report a possible non-compliance and block it before it moves to the next step of the production process.

Machinery and semi-finished and finished products are subjected to **strict controls**, **samplings and tests** (**microbiological controls**, **physical-chemical ones** etc..) before the release of the finished product.

THE RECOGNISED VALUE.

Allegrini S.p.A. has a **quality management system ISO 9001 certified**, a regulation aimed at a continuous and constant company improvement with the objective of optimisation of the organisational structure. Therefore, Allegrini S.p.A. **meets the requirements of the regulation ISO 45001 in the field of Health and Work Safety Management System**.

From May 21st, 2020 Allegrini has adopted, along with **Ethical Code**, an **Internal Control System** (231 model), consisting of **rules and procedures implemented** by the Management and all the company staff. The Internal code is aimed at enabling a **health, correct and efficient management of the enterprise** through an appropriate process of identification, measurement and monitoring of the main risks.



A STORY OF SOLUTIONS.

Hygiene and cleaning in one point, or rather two.

The first point: for 75 years, we have been partners for the cleaning and hygiene of surfaces and environments in various professional fields. From hotels to restaurants, from hospitals to laundries, from carwash and to the big realities of the food industry.
The second point: we tell beauty stories through exclusive cosmetics dedicated to hygiene and body care. Even today, we are at your disposal to guarantee solutions for a safe and healthy tomorrow.
